

The Prevention Specialist Certification Board of Washington (PSCBW) invites you to join us and your colleagues at this special event for prevention professionals...

Prevention Soirée at the Summit

Thursday, October 29, 2009

6:30 to 8:30 PM

Yakima Convention Center, Rooms F/G

Please join us for the second annual Prevention Soirée at the Summit, an evening of networking and fun. Light refreshments will be provided. This is your opportunity for established prevention professionals to get together with old friends and collaborators and for new professionals to meet others working in the field. It is a great venue to enhance your relationships and partnerships across the state.

A special addition this year will be a reunion of graduates of the training, *The Art and Science of Community Organizing*. Special musical entertainment by local youth is also planned with support from community mobilization professionals.

You are also invited to join PSCBW members for another event, *How to Become a Certified Prevention Professional Information Session*. This session will be on Friday, October 30th, 6 PM at the Yakima Convention Center, Room A. The purpose of this informal gathering over dinner will be for individuals to learn more about the PSCBW and the Certified Prevention Professional (CPP) credentialing process.

Hope to see you at both the October 29th Prevention Soirée and the October 30th gathering!
